VDOT Awards Two New Contracts to VMS Inc. -- Announcement builds upon ten year public-private partnership --

Richmond, VA – VMS Inc., a performance-based infrastructure management and operations company headquartered in Virginia, will begin work on two asset management contracts for the Virginia Department of Transportation (VDOT) on July 1, 2007. Both projects are five years with two-year renewal options. VMS will perform all routine and preventive maintenance activities associated with roadway, structures, drainage, roadside, vegetation and aesthetics, traffic services, structure inspection, snow removal, and incident management.

“VMS and the Commonwealth of Virginia have enjoyed a long-standing working relationship. As a Virginia-based organization, it’s important to the company that we provide top quality services here at home,” said Richard Herlich, President and CEO of VMS. These two contracts mark the continuation of VMS’ 10-year relationship with VDOT and their high-level of service to Virginia residents and travelers.

1. TAMS (Turnkey Asset Maintenance) Project North

VMS is responsible for the operations and management of I-95, I-295, I-64, SR#288, I-195, SR#195, SR#76 (Powhite Parkway), SR#150 (Chippenham Parkway) and SR#146 through the counties of Chesterfield, Henrico, Goochland and Powhatan, and the cities of Richmond and Colonial Heights. This outcomes-based asset management project encompasses 1,080 lane miles of interstate highways.

2. TAMS Project South

VMS is responsible for the operations and management of I-85, I-95 and I-295 through the counties of Greenville, Mecklenburg and Prince George. This outcomes-based asset management project encompasses 632 lane miles of interstate highways.

During the mobilization of these projects, VMS held a series of Contractor Outreach Sessions in Richmond, South Hill, Petersburg and Hampton to encourage businesses and individuals to participate in its innovative partnerships by submitting bids for contract work. More than 70 contractors attended these sessions. Anyone wishing to be advised of bid solicitations may call the VMS Corporate Office at 1-888-547-4404.

VMS, Inc., the company that pioneered the outsourcing of asset management services, was founded in 1995 to provide innovative and money-saving solutions to the preservation of transportation infrastructure. Our key service is providing operations and maintenance services for transportation infrastructure and associated facilities such as interstates, roadways, toll roads and facilities, rest areas, welcome centers, tunnels, bridges and airport infrastructure and systems. VMS currently has operations in the United States from Alaska to Florida.
