

MEDIA RELEASE

VMS INC. RE-BRANDED TRANSFIELD SERVICES

December 1, 2008 (Richmond, VA) - Highway and roadway maintenance company, VMS Inc., has been re-branded as Transfield Services North America, Transportation Infrastructure to leverage its parent company, Transfield Services North America (TSNA) and further expand across the region.

As TSNA's Transportation Infrastructure business unit, the company will continue to provide operations and maintenance services to infrastructure and associated facilities across the United States.

Transfield Services North America President and CEO, Mr. Joseph Sadatmehr, said today: "We purchased VMS in October 2007 because of the cultural and business synergies between the two companies. "

"VMS has been core to helping us build market share in the transportation infrastructure market in the United States and now it is time for us to build on the foothold we already have by utilizing the Transfield Services brand and reputation."

"The TSNA Transportation Infrastructure business unit will be key to expanding our asset management and maintenance to roads and associated assets, across the United States, leveraging Transfield Services' world-leading technological expertise in roads, tunnels and tollways."

Transfield Services delivers essential services to key industries in the resources and industrial, infrastructure services and property and facilities management sectors.

"Transfield Services has a global reputation for best practice systems and processes and long-term success sharing partnerships. Our transportation infrastructure business will continue to offer our clients, and potential clients, expert skills and knowledge."

The TSNA Transportation Infrastructure business unit will continue to provide a wide range of services including condition monitoring for road and bridge infrastructure; the maintenance and replacement of road pavement and drainage infrastructure; minor capital works and repair; snow and ice removal, landscaping; traffic management, incident and emergency response.

VMS Inc. will continue as the legal contracting entity, VMS, Inc., but will be doing business with the new name Transfield Services North America, Transportation Infrastructure to both emphasize and enhance this partnership.

Transfield Services delivers essential services to key industries in the resources and industrial, property and infrastructure sectors. A leading global provider of operations, maintenance, and asset and project management services, Transfield Services has more than 29,000 employees in Australia, New Zealand, the United States, the United Arab Emirates, Qatar, New Caledonia, South East Asia, India, Chile and Canada. Transfield Services Limited is publicly listed in Australia and included in the S&P/ASX 100. www.transfieldservices.com
